Employee Name: Tekalegn Mekonen

Position: Front End Web App Developer (Independent Consultant)

Organization: Good Seed Community Development Corporation (Good Seed CDC) / Heritage Conservation Associates

Employment Period: December 30, 2024 – Present

Job Description:

Tekalegn Mekonen is currently working as a Front-End Web App Developer under an international independent consultant agreement. He is responsible for developing, enhancing, and maintaining front-end web applications using React and modern JavaScript technologies. He applies best coding practices to ensure clean, maintainable, and scalable code. He ensures that applications follow HIPAA security standards. He fixes bugs and performance issues in a timely manner and documents the code clearly for future maintenance. He communicates regularly with team members to solve technical challenges and provides daily progress updates to the project coordinator. He also collaborates closely with backend developers to ensure smooth system integration.

Technologies Used:

React, TypeScript, JavaScript, Materia UI, REST APIs, Git & GitHub
